## EDUCATION

### Addis Ababa Institute of Technology, Addis Ababa, Ethiopia; Mechanical Engineering

Sep 2016 – Oct 2021

I hold a Bachelor's degree in Mechanical and Industrial Engineering from Addis Ababa University. My studies covered key areas such as thermodynamics, materials science, manufacturing processes, systems engineering, and industrial management. This interdisciplinary program provided me with a strong foundation in both mechanical design and efficient production systems, equipping me with the analytical, problem-solving, and project management skills necessary to address complex engineering challenge

### Adigrat University, Adigrat; Management

Jun 2017 – Sep 2025

I am in the final stages of completing a management coursework summer program, having covered key areas such as organizational behavior, project management, financial analysis, and strategic planning. With just one summer left, I have gained a solid understanding of management principles, leadership skills, and the ability to apply business solutions effectively. This program has equipped me to integrate technical knowledge with management practices, preparing me for future leadership roles.

## WORK EXPERIENCE

### Junior Logistics and documentation officer, Krotaj Manufacturers PLC, Addis Ababa

1<sup>st</sup> Mar 2022 – 30<sup>th</sup> Dec 2023

- I managed logistics operations, including coordinating shipments, tracking deliveries, and ensuring timely transportation of goods. I also handled documentation processes, preparing and verifying import/export documents like invoices, bills of lading, and customs paperwork to ensure compliance with regulations. My role involved communicating with suppliers, freight forwarders, and customs authorities to streamline the supply chain and resolve any issues efficiently

### Internship program, Ethiopian electric utility, Addis Ababa— *light duty vehicle maintenance*

1<sup>st</sup> Mar 2019 – 30<sup>th</sup> Jun 2019

- I worked mainly as a troubleshooter on a different light duty vehicle with a great devotion and interest. During this period I also gain a skill on technical unit operation and developed a work ethics, team work
